Find the right balance between the Full Color programmable digital signs you need and your bottom line.

Tying up savings, lines of credit, or credit cards to buy the best equipment leaves people vulnerable to unexpected expenses and can mean the difference between a bump in the road or the end of the line.

TimePayment gives customers the power to finance their Full Color programmable digital signs with predictable monthly payments, letting you focus on more important things than worrying about future payments. Unlike other providers, we give three critical advantages:

1. **Convenience.** Complete the entire process from application to funding on a mobile device or computer, making it easier than ever to get equipment.
2. **Speed.** With online credit decisions in less than two minutes, full applications in less than 15, and same-day funding possible, customers can get their equipment right away – no financial services provider delivers completed approvals faster.
3. **Flexibility.** TimePayment supports a wide range of transaction price points, works with a variety of credit profiles, and can offer lease financing on equipment other providers won't consider. If you need Full Color programmable digital signs from LED Miami, then chances are good that we've financed someone just like you.
